# CREATING OUR OWN DESTINY...

**CREATE CAÑON CITY** is a public/private partnership that completes projects of civic significance without using tax based public funding.

- ✓ *The concept includes multiple funding strategies that enlist the support of the local business community and citizens through voluntary, custom designed, tax deductible contribution programs.*
- ✓ *Because the projects are all privately funded and managed, building costs are lower, projects are completed quicker and most importantly private sector jobs are created.*
- ✓ *Local laborers, tradespeople, suppliers, contractors and professional services are used in every instance possible.*

**CREATE CAÑON CITY** is a non-profit enterprise comprised of local business and construction experts. Together they form the nucleus of a new type of organization specifically focused on completing projects of civic significance with private local funding and tradespeople. Watch us as we create a new way of getting work done or better yet, join us in any way you can.

*Please call or email to demonstrate your support...*
